

NAPOLI 4 FAMILIES

“Napoli 4 Families” is a project organized by the City Administration that is designed for families with children; It will allow families both from Naples or on vacation to participate in cultural, educational and exciting experiences in the city.

Our primary goal is to help others discover and re-discover the treasures of our city. Our objective is to By involving both child and parent, “Napoli 4 Families” aims to create an integrative experience meaningful to both generations.

Thanks to the project “Napoli 4 Families,” the city will be able to offer many innovative culture experiences. Encapsulating the various archeological, historic, musical, cinematographical, and multimedial experiences the city has to offer, “Napoli 4 Families” will offer families an easy way to deepen their knowledge of Neapolitans traditions and culture.

The initiative was created with all types of families in mind, specifically families with children 14 and under. Our ultimate goal is to create a well-rounded travel itinerary of innovative cultural experiences to be used between January and April 2016.

Several entities of city, including cultural associations, museums, and members of the public and private sector, have participated in the creation of the various culinary, artistic, cultural, dramatic, literary, environmental and artiginal offerings included in the “Napoli 4 Families” itineraries.

On our website www.napoli4families.it it will be possible get to know and book the tours we organize to explore the city and live them with children.
